MEMBERSHIP EXPANSION

Brigham City, Utah – We are excited to announce that our membership area has recently grown to cover the whole top of Utah!

Box Elder Credit Union has been doing business since 1954 in Box Elder County. Recently, we were granted membership expansion by the National Credit Union Association into Cache and Rich Counties as well.

This means that anyone who lives, works, worships, attends school or regularly conducts business in Box Elder, Cache and Rich Counties can join the credit union. And with all of our services of convenience it's easy to conduct business at the credit union, even if you don't live close to a physical office.

Box Elder Credit Union began operations in 1954 as the Intermountain Indian School Credit Union with just eight members and \$40.00 in assets.

In 1973, our field of membership was amended to include Box Elder County School District employees. It was at this time that our name was changed to Box Elder County Credit Union. In 1978, our field of membership was again amended to include all those living, working, worshipping or going to school in Box Elder County. In 1988, we opened our second location in Tremonton. A few years later we moved into a new location in Garland.

Today, we have over 13,000 members and over \$100 million in assets.
